## PREFACE

This report is one in a series on Soviet Ground Force and Logistic installations being prepared for a DIA/CIA Panel. The series is being coordinated, published and disseminated by NPIC. The photographic analysis is being performed by the NPIC Photographic Analysis Group, the CIA Photographic Intelligence Division (NPIC), and the Production Center IPIC (DIA). The photographic analysis for this particular report was performed by the Production Center IPIC.

In the interest of uniformity, the titles and letter designators for the facilities observed at these installations are identical with those appearing in the project requirement. When a specific facility is not observed both its title and letter designator are omitted in the report.

Titles and letter designators for the various facilities are as follows: (A) railroad service, (B) road service, (C) landing strips, (D) administrative and troop housing areas, (E) storage areas, (F) ammunition storage areas, (G) POL storage areas, (H) other buildings and facilities, (J) equipment storage maintenance areas, (K) athletic fields, (L) small arms firing ranges, (M) driver training areas, (N) tank / assault gun firing ranges, (P) flat trajectory firing ranges, (Q) artillery emplacements (batteries), (R) infantry or combined arms field training areas or courses, (S) special training facilities, (T) unidentified facilities or tracking activity.

## SUMMARY

A road-served military installation covering approximately 75 acres is located in the southeastern sector of Novograd-Volynskiy (Figure 1).

The installation (Figures 2 and 3) contains three multistory barracks, one multistory administration building, four administration buildings, two vehicle maintenance buildings, five vehicle storage buildings, six

storage buildings, and one athletic field.

The installation is active and no change has been noted since [REDACTED] however, improvement in the quality of photography shows buildings which are not new but could not be previously identified.

The installation was covered by [REDACTED] KEY- [REDACTED] HOLE missions between [REDACTED]
